### **Tues April 3 Consent in BDSM: A Panel Discussion**

Whether SSC or RACK, consent is fundamental to the practice of BDSM. Join us for a panel discussion on what consent means to today's community. What is the responsibility of scene participants? What recourse is available when consent violations occur or are reported? What are our obligations as community members?

### **Weds April 4 Dominant Men/submissive women SIG: Submissive Women Speak Up II**

### **Tues April 10 Mummification with Master Tip**

Master Tip has been doing mummification bondage since the ancient Egyptians, and looks it! Master Tip will demonstrate classic wraps used in BDSM play. Various techniques and materials will be shown. Master Tip will also cover safety issues relating to both sides of mummification, including the importance of communication before, during, and after the scene.

### **Weds April 11 Novice SIG: Transformations for Newbies with Thrash and Antonia**

Let's face it: Thrash finds it easier to meet women when he's dressed as Antonia, but more seriously, has felt a need to crossdress since childhood. Join us as Thrash begins a fascinating journey, transforming into Antonia right before our eyes. The "twins" will be explaining the mental mindset and motivations as well as giving preparation, makeup and wardrobe tips. Open to everyone, from the curious to the accomplished.

### **Mon April 14 TES Board of Directors Meeting -- TES Members Only -- Free**

Members can come and sign up to speak on a particular subject, or just sit and observe. Please bring your membership card.

### **Tues April 17 Edgeplay and Long-Term Relationships with Alex and Madeline**

Who says long-term relationships are boring? Knowing a partner well allows you to push limits in a way that a casual partner can't. Alex and Madeline, edgeplayers and partners for 10 years, will discuss and demonstrate how LTRs can make edgeplay more accessible and how edgeplay can re-energize an LTR.

### **Weds April 18 Dominant Women/submissive men SIG: Needleplay with Sir Raven**

For some people, needles are used as part of their scene; for others, it IS the scene. Come join the discussion and learn what some call edgeplay, but Sir Raven calls just plain fun. Ladies ever wanted to stick? Gentlemen want to get stuck? This is a 101 class, and audience participation is encouraged, though not required.

### **Sat April 21 Show and Try ##**

At Paddles, 8-10pm.

Most spanking and discipline scenes don't involve bondage, but binding your partner in place can open up new areas of sensation, control, and letting go. Richard, AKA "Spike NY", will lead a hands-on class that goes beyond rope into belts, neckties, extension cords, scarves, stockings -- even a dirty girl's panties can be used to bind.

### Tues May 8 Protocols with Lady Sabrina: *What they are, how to use them, and how they can improve your BDSM lifestyle*

Well-defined protocols can be the foundation of a D/s or M/s relationship, or help strengthen a floundering one. Lady Sabrina will discuss the function of protocols and help you design ones unique to your type of relationship. Determining when it's time to discard protocols that no longer work and may damage your relationship will also be discussed.

### Weds May 9 Novice SIG: Beginning to be Little -- Panel Discussion

Playing around with being little is one of the most taboo, yet popular and varied forms of role play, from the dark molesting relative to the carefree joy of regressing in age, all the way back to a helpless infant. For some, becoming a certain age is key, for others it's the dynamic with an authority figure that matters. Whatever your interest, join Bo, Birthday Girl Lady D, Anna and friends to discuss how trust, shame, growth, trauma, humiliation, regression, and so much more, all play a part in this fascinating activity.

We'll also discuss how to move safely into and out of feral states and ways to take your inner beast to the next level.
